

KAPOR | DAVIS & ASSOCIATES, LLC

Initial Consult

QUESTIONS TO ASK YOUR REPRESENTATIVE

- What portion of your practice is devoted to representing claimant's seeking social security disability benefits?
- How much experience does your firm have in handling social security disability claims?
- Will I be represented by a licensed attorney (not a non-attorney representative) with experience in this area of law?
- Will I meet the person representing me? How many times will we meet?
- Can you explain how the SSA process works? How long will it take? What are my responsibilities? What will happen during the process?
- Will my representative obtain my medical records and any necessary evidence to fight for my claim?
- How do your attorneys handle payment?
- If I have questions, will I have easy access to legal professionals working on my case?
- Can you tell me what steps are involved in the process?
- Can you tell me how long it might take before I get a final decision?
